

## Choosing a campsite

### *An ideal campsite:*

*The tent is sheltered by trees from prevailing winds, yet is not so close as to be endangered by falling branches.*

*It should be close to a water supply but not on low ground close to a river or stream as it may be vulnerable to flooding*

### CHOOSING YOUR CAMPSITE AND POSITIONING YOUR EQUIPMENT SAFELY

**PLAN AN IDEAL LAYOUT OF A CAMPSITE WITH THE CARDS PROVIDED**

### Card 2

#### CHECKLIST CAMPSITE LAYOUT

- *Is the tent well sheltered?*
- *Is the camp fire in a safe location?*
- *Do you see any dangerous situation at the campsite?*
